

## Spitting Black

Botch

It won't happen again for the hundredth  
Time  
You're my cause, the pain you left in your  
Wake  
All the people you dodge you fucking  
Charity case  
Times have changed  
Here's an idea, How about I  
Never hear from you again  
Time for you two to dissapear  
I'll cleanse myself  
Watching the sunset.
