Thank God For Worker Bees

Listen to what I have to say to you Painful repetition - comes and goes again Painful repetition - comes and goes again And it goes So now I'm the human Now I'm the human shield Finest engineering - we've ever seen Finite enginerring - it never leaves Never leaves And that's why We dine on your design I like the look on your face It's bittersweet, and lasts For six hours Alone for one day and six hours Botch
