

Haulin' Ass

Bourbon Crow

Breaker breaker what's your 20
Have you got your ears on
The law dogs are on my tail
Begging for a bone
Pedal to the metal now
Going fast as hell
Kiss my ass you turkeys
You ain't taking me to jail

Smokey at my back door
Putting on a light show
Haulin' ass cross Carolina
Straight down to the hell below

Now smokey's called for back up
I got three on my tail
Don't they know who they're dealing with
Man i paved the highway to hell
Well i don't care, and i ain't scared
Cause i just can't be caught
Gonna put that pedal to the floor
And blow their damn doors off

Smokey at my back door
Putting on a light show
Haulin' ass cross Carolina
Fast as i can
Smokey at my back door
Putting on a light show
Haulin' ass cross Carolina
Straight down to the hell below

Road block up ahead with shotguns in their hands
Think they finally caught me
Gonna haul my ass in
Well a good dog knows how to
Wiggle his way out of a collar
So i took a hard right and floored
It down through possum holler

Smokey at my back door
Putting on a light show
Haulin' ass cross Carolina
Fast as i can
Smokey at my back door
Putting on a light show
Haulin' ass cross Carolina
Straight down to the hell below
