

Long Way To The Bottom

Bourbon Crow

When you grow up in the country
Somethings you can't change
Never forget where you came from
Respect your family's name

It's a long way to the top darling i ain't dumb
But it's a longer way...To the bottom

Long way to the bottom

Live with my finger on the trigger
Every damn day
Living fast and dying young
The american way

It's a long way to the top darling i ain't dumb
But it's a longer way...To the bottom

Long way to the bottom
