

Suck My Dixie

Bourbon Crow

Sometimes the whiskey gets the best of me, and it's hard
for some people to see
That is outlaw is living is living his life and he's
living it free if you don't like you can suck my Dixie

Well a rebel on the run is bound to have fun, drunk n
waving a shotgun shooting people just for fun;
and I reckon Johnny law will soon catch up to me, till
then he can suck my Dixie

Well I don't beat around the bush and I always go out
guns a blazing and the results from
drinking to much whiskey can be amazing

Well fella you might not of herd of me, if you don't like
it you can suck my Dixie

Well I've been known to cause a ruckus or too, and I've
probably had some words with you I guess its safe
to say stay the hell away from me if you don't like it
you can suck my Dixie, if you don't like it you can suck
my Dixie...
