## **Suck My Dixie**

## **Bourbon Crow**

Sometimes the whiskey gets the best of me, and it's hard for some people to see

That is outlaw is living is living his life and he's living it free if you don't like you can suck my Dixie

Well a rebel on the run is bound to have fun, drunk n waving a shotgun shooting people just for fun; and I reckon Johnny law will soon catch up to me, till then he can suck my Dixie

Well I don't beat around the bush and I always go out guns a blazing and the results from drinking to much whiskey can be amazing

Well fella you might not of herd of me, if you don't like it you can suck my Dixie

Well I've been known to cause a ruckus or too, and I've probably had some words with you I guess its safe to say stay the hell away from me if you don't like it you can suck my Dixie, if you don't like it you can suck my Dixie...
