

# You Have No Friends

Bourbon Crow

Always been a good man  
Always tried my best  
Never wished any harm  
Never wished any death

But you have changed me  
It's a brand new day  
I hope you perish  
In every single way

'Cause you're a disaster  
You make me sick  
Hell you make a winner  
Even wanna quit  
Nobody likes you  
Just get a grip  
You have no friends  
'Cause you're a piece of shit

I hope you take  
A shot of Bleach  
And you play  
Out in the street

And if you're on fire  
Don't look my way  
I'll be carryin'  
The Gasoline

'Cause you're a disaster  
You make me sick  
Hell you make a winner  
Even wanna quit  
Nobody likes you  
Just get a grip  
You have no friends  
'Cause you're a piece of shit

You're a disaster  
You make me sick  
Hell you make a winner  
Even wanna quit  
Nobody likes you  
Just get a grip  
You have no friends  
'Cause you're a piece of shit

'Cause you're a disaster  
You make me sick  
Hell you make a winner  
Even wanna quit  
Nobody likes you  
Just get a grip  
You have no friends  
'Cause you're a piece of shit

You have no friends

'Cause you're a piece of shit  
You have no friends  
'Cause you're a piece of...shit
