Bowling For Soup

1. Back there somewhere
I can hear her calling out.
I've got so much I can tell her
She knows I miss her,
I know she thinks about me too.
I can just cannot wait to kiss her

*: On the boulevard we danced
I tell her if I get the chance
Just what all this means to me.
Maybe I'll just say we can run away
Never look back
Never doubt it.

R: You don't owe me anything
I owe everything to you
Take my hand and
Hold on.
