

Couple of Days

Bowling For Soup

I'm taking a vacation from the way she brings me down
A thousand pierce so... songs scattered on the ground.
In little stacks of disappointment, and little piles of hope
I decided to think positive, and this is what I wrote!

I wanna take you with me, across the biggest ocean
To a sunny place, no one ever goes.
We can dance and sing your favorite song through memory
It won't be electricity, but baby we can stay
Together there forever, or at least for a couple of days!

You have to build a shelter,
But I do at least half the work
You can't make us breakfast wearing nothing but my shirt.
And when it rains we can run together
No one else will see.
The stuff I plan to do to you
And what I'll be doing to me
And by stuff I mean having sex and stuff
I'm pretty sure you knew that!

I wanna take you with me, across the biggest ocean
To a sunny place, no one ever goes.
We can dance and sing your favorite song through memory
It won't be electricity, but baby we can stay
Together there forever, or at least for a couple of days!

We'll go to a place where the sun is brighter
And the weight of the world is brighter!
I can learn how to fish before we go
And you can learn to light a fire
And me

I wanna take you with me, across the biggest ocean
To a sunny place, no one ever goes.
We can dance and sing your favorite song from memory
There won't be electricity
You with me, across the biggest ocean
To a sunny place, no one ever goes.
We can dance and sing your favorite song through memory
It won't be electricity, but baby we can stay
We'll do it in the ocean like we did Saint Patrick's day
Together there forever, or at least for a couple of days!
