

## Ride Of A Lifetime

Bowling For Soup

Here's a story about a man and a mountain  
He climbed it because it was there  
And here's a song about the moon and a rocket ship  
Set your mind to it you can go anywhere

Don't tell me no (don't tell me no)  
Just stand back and watch me shine

I'm going straight to the top  
I'm never gonna stop  
Over, under, I'll find some way  
Straight to the top  
I'm never gonna stop  
Everybody hold tight (everything will be alright)  
Brace yourself for the ride  
Ride of a lifetime  
Ride of a lifetime

Here's message I was so glad I was given  
When you fall you got to jump back on  
And I'm a fighter, I'm a winner, I'm the mack daddy  
My cups not empty it's just not so full

Don't tell me no (don't tell me no)  
Just stand back and watch me shine

I'm going straight to the top  
I'm never gonna stop  
Over, under, I'll find some way  
Straight to the top  
I'm never gonna stop  
Everybody hold tight (everything will be alright)  
Brace yourself for the ride  
Ride of a lifetime  
Ride of a lifetime

Hold your hands up high (wave your arms from side to side)  
Throw your fists in the air (wave them like you just don't care)  
Stand up, stand up (everybody stand up)  
Turn it on, turn it up, never gonna come back down  
I'm going straight to the top  
I'm never gonna stop  
Over, under, I'll find some way  
Straight to the top  
I'm never gonna stop  
Everybody hold tight (everything will be alright)  
Brace yourself for the ride
