

# Amazing Grace

Boy George

Some where the flutter of a butterfly wings  
A simple word that changes everything  
It was just was just another ordinary day  
How could you know your life was going to change  
Forget about tomorrow  
Don't be a slave to time  
Because life is still a moment  
It's divine

You need Amazing Grace  
Amazing Grace  
You Need Amazing Grace  
Amazing Grace

Somewhere an angel  
With a broken wing  
His tears are turning into rain  
It was just another ordinary day  
How could you know your life was going to change  
Forget about tomorrow  
Don't be a slave to time  
Because life is just a moment  
It's divine
