## **Big Dark Man**

## **Boy George**

Someone said that love
Was a double handed glove
But we need it al the time
Alice she's got mark
Warren's in the dark
Because his body's superfly

Me I'm just a sucker
Waiting for a lover
Someone with a wicked smile
What's a boy to do
What's a girl to do
What's the point to underline

Waiting for a big dark man She's waiting for a big Dark man

Someone said that sex
Was a physical contest
But I don't believe a word
They say love is cool
Then they must be fools
Because of all the things
I've heard

Someone said that hippie
Was a little trippy
But he is a friend of mine
Jeremy he throws
But he might overdose
If he finds a girl tonite
