

Bigger Than War

Boy George

I'll size it up if you want me to
it's bigger than me, the song you love,
the ones you hate, Eyeliner voodoo,
here we go again.

Bigger than you, bigger than me
love is bigger than war. (2x)

Holds us together tears us apart
make us forget and remember who we are
just like an atom it's here and it's there
better run for cover when love is in the air

Bigger than you, bigger than me
love is bigger than war. (2x)

Bigger than The Beatles, the rolling Stones
bigger than Elvis, but not YOKO
Bigger than you, bigger than me
love is bigger than war.

Everything I learned about love
I learned it from you
everything I learned
About love like what not to do,
love, love glorious love makes you crazy
But you want that stuff
New York love, London love
French Italian Jamaican Love.

Bigger than you, bigger than me just
Like an atom it's here and it's there
better run for cover when love is in the air

Bigger than The Beatles, the rolling Stones
bigger than Elvis, but not YOKO
Bigger than you, bigger than me
love is bigger than war.
