

# I'm Not Sleeping Anymore

Boy George

Why do you make it hard to  
Love you  
You know sometimes it's hard  
To care  
If you just give me time  
Let me free up my mind  
I'll be there  
You want to be the perfect lover  
I know you do  
But talk is cheap why  
Does it show  
I know one day you're  
Gonna find  
That all lovers, they're blind  
You know that they are  
But I'm not sleeping anymore  
I'm not sleeping anymore  
You see I woke up to find  
You were still on my mind  
You know that you are  
Yes you know that you are  
You say that you need me  
Give me time  
You know that you'll always  
Always be mine  
Cause I woke up to find  
You were still on my mind  
You know that you are  
But I'm not sleeping anymore  
I'm not sleeping anymore  
You know one day you're  
Gonna find  
That all lovers, they're blind  
You know that they are  
You know that you are  
I'm not sleeping anymore  
I'm not sleeping anymore
