

## In Maya

Boy George

Boy I like the way you stand  
there's no blood upon your hand  
you turn the world around for me  
chased the fools out of my life  
when I'm wrong you'd set me right  
you are really waisting me  
When I'm lying here afraid and full of fear  
My heart is telling me our love is insincere  
You smile that wicked smile like you know everything  
And I hear oh yes I hear I can hear the angels sing  
In maya  
In maya  
In maya  
In maya  
you're in maya  
Blessed is the heart of man  
so many ways to understand  
you know everything I fear  
oh boy you breath a lot of pain  
and you make the oceans sway  
it's so good to have you near  
In maya  
In maya  
In maya  
In maya  
you're in maya  
when I'm scared I protect myself  
I put the blame on to some forfaith  
wicked words just to make you cry  
if i am true I apologise  
boy I like the way you stand  
there's no blood upon your hand  
you turn the world around for me  
chased the fools out of my life  
when I'm wrong you'd set me right  
you are really waisting me  
In maya  
In maya  
In maya  
In maya  
you're in maya  
don't you know you are  
in maya
