

Use Me

Boy George

Waking up beside you
Felt just like a major crime
Wherever else to hide
those dirty little thoughts of mine

No angel tryin'a love you no way
I wouldn't put that by your side
But I ain't, I ain't above you no
I let my morals take a slide

When you know it's over
Why then waiste my time
When you know it's over
Don't tell me it's just one more mountain to climb

Use me
Use me like you found the time
Use me
Use me cozs tonight you're mine

No angel tryin' to love you no way
I wouldn't put that by your side
But I ain't, I ain't above you no
I let my morals take a slide

When you know it's over
Why then waiste my time
When you know it's over
Don't tell me it's just one more mountain to climb

Use me
Use me like you found the time
Use me
Use me cozs tonight you're mine
