Can the gracious night, learn to protect us
The sun sealed the day, after painting canvas sky beautifully
And now I watch the people rolling by my window
Wondering if they have found what they are looking for
'Cause everyone has, has this song inside that will forever
Keep us alive

So where are you oh my listless one
Are you still there writhing in what is gone because
If we don't go within then we may go without
Elation left to follow the silhouette of secret
Protruding evening perhaps searching for
A new world before, before they die
Because everything wants to give its gift to this silent world
Before they die
Die

Where are you oh listless one are you still there, writhing. Sing a sad song and we'll protect our love, and oh how I fall for The rolling hills covered in nothing green grass Where our thoughts will intouch our skin

Can the creatious night learn to prototize

The sun sealed the day, after painting canvas sky beautifully

And now I watch the people rolling by my window

Wondering if they have found what they are looking for

'Cause everyone has, has this song inside that will forever

Keep us alive

'Cause everything wants to give its gift to this silent world Before they die Die
