

My Animal

Boy Hits Car

Everytime I wake up I think, oh life
I'm in love with you
Then I breathe it in

Never one to sat that I am just a little boy
Rubbing to find a way in

And today I feel just like an animal
That's trying to hide from all of you

I'll find the will to live in the simple fact of life
In which each day brings something new

I can be so naive
To the ways of this world
So I try to spin myself
Into a ball of love

If I look into your eyes, will I feel the harmony
Rising converge above

Something in the smell I long to feel my animal
Trying to find a way out
Beneath the surface do you feel the will to kill
To kill without any doubt
Alright...

I can feel my animal

I can feel my animal

I wanna kill him
And then I'll know I'm alive
And get to watch his breath leave
I watch some birds up in the trees
Will I feel guilt
As he dies yeah
All he does is hiss a word
So I won't cry

No I won't cry
No I won't cry
I will never cover him

I can feel my animal
I wanna take his life
His eyes are stoned
As cold as Ice, yeah
No body animal
You know it seems to kill him
And as he does this
He thinks to them
He thinks that this is your will
I wanna lock the fucker in a cage
Cause when I looked into his eyes
It's like you're looking into a mirror
Know that it's so good to be alive

It's good to be alive (3x)

I can feel my animal
I wanna take his life
His eyes are stoned
As cold as Ice, yeah
I wanna kill him
I wanna take his life
His eyes are stoned as cold as Ice.
