

# You Don't Care

Boy Hits Car

Time will never  
Let go of me  
Time has never  
Felt so lonely  
And it's like no one believes  
So I keep on struggling  
Sacrificing everything  
Whenever the tide be turning  
Don't know what to say no more  
Think I'll swim? you Fucking whore  
You feed my insecurities  
Cause now I've given all of me but  
You don't care  
You don't care about me  
You don't see how I bleed  
You don't don't care about me but I  
YOU DON'T CARE!!!  
Will keep on trying  
But you don't care no more!  
One whole voice is all you have  
But no one give you a chance  
All you want to do is sing  
But no one hears your feelings  
Come to the end of myself  
And this is the only way out  
So I hear is one more song  
Hope this time you'll show some love but  
You don't care  
You don't care about me  
You don't care!  
You don't see how I bleed  
You don't care!  
You don't care about me but I  
YOU DON'T CARE!!  
Will keep on trying  
But you don't care no more!  
You don't care no more!  
You don't care  
But I wont keep giving myself away  
You don't care  
Cause already I have lost everything  
You don't care  
So in time will you remember me?  
You don't care  
I hope this time you'll Remember ME!  
You don't care about me  
You don't care  
You don't see how I bleed  
You don't care  
You don't care about me but I  
You don't care  
Will keep on trying  
Now I  
You don't care  
Will keep on try!  
But you don't care no more-or-ore  
But you don't care no more-or-ore
