

Waking to the same sound  
This friend of mine  
This morning it seems to me  
I'm wasting my time

So this fight has just begun  
This war she says that I'm scared, of scared of

I try to keep quiet  
I try to keep quiet  
I try to keep quiet  
I try to keep quiet

So this fight has just begun  
This war they say that I'm scared of, scared of, scared of, scared of

Maybe we could break down  
From time to time  
This distance is new to me  
This pleasures not mine

So this fight has just begun,  
This war she says that I'm scared of, scared of

I try to keep quiet  
I try to keep quiet  
I try to keep quiet  
I try to keep quiet

So this fight has just begun  
This war they say that I'm scared of, scared of, scared of, scared of

I try to keep quiet  
I try to keep quiet  
I try to keep quiet  
I try to keep quiet
