

Last Of The Great / Number One

Boy Kill Boy

Same time
same place
same smile
same face
and me home again

uh-oh
coco
left me
so low
send me home again

you miss them
you miss them
you miss them
you miss them
you miss them
you miss them
you miss them
you miss yourself?

rule one
always
been someone
else
and me home again

rule two
never
let them
catch you
send me home again

you miss them
you miss them
you miss them
you miss them
you miss them
you miss them
you miss them
you miss yourself?

didn't mean to go
didn't mean to go
didn't mean to go
over the edge
never meant to stay
never meant to stay
never meant to stay
on and on and
didn't mean to go
didn't mean to go
didn't mean to go
over the edge
never meant to stay
never meant to stay
never meant to stay

on and on and
on

so far
no good
listen

and me home again

uh-oh
dont care
whose here
whose there
send me home again

you miss them
you miss them
you miss them
you miss them
you miss them
you miss them
you miss them
you miss yourself?

didn't mean to go
didn't mean to go
didn't mean to go
over the edge
never meant to stay
never meant to stay
never meant to stay
on and on and
didn't mean to go
didn't mean to go
didn't mean to go
over the edge
never meant to stay
never meant to stay
never meant to stay
on and on and

OOOOOOHHHHHHHHH
