

Waltz For Pony

Boy

Time is such a hungry beast
It swallows all my memories
It makes all smells and colors fade
It takes the ones I love away

You are my wildest wish come true
I love the way you love and move me
I had never dared to ask
For this to come and stay and last

It's not just the two of us, we're three
You, the hungry beast and me
And it's starving but it can't attack
I've put two saddles on its back
