

# Drops Of Jupiter

Boyce Avenue

Now that she's back in the atmosphere  
With drops of jupiter in her hair  
She acts like summer and walks like rain  
Reminds me that there's a time to change  
Since the return of her stay on the moon  
She listens like spring and she talks like june

But tell me did you sail across the sun  
Did you make it to the milky way  
To see the lights all faded  
And that heaven is overrated  
Tell me, did you fall from a shooting star?  
One without a permanent scar  
And did you miss me  
While you were looking for yourself out there

Now that she's back from that soul vacation  
Tracing her way through the constellation  
She checks out mozart while she does tae-bo  
Reminds me that there's room to grow  
Now that she's back in the atmosphere  
I'm afraid that she might think of me as  
Plain old jane told a story about a man  
Who was too afraid to fly so he never did land

But tell me did the wind sweep you off your feet  
Did you finally get the chance to dance along the light of day  
And head back to the milky way  
And tell me did venus blow your mind?  
Was it everything you wanted to find?  
And did you miss me  
While you were looking for yourself out there

Can you imagine, no love, pride, deep fried chicken  
Your best friend always stickin up for you  
(even when i know you're wrong)?  
Can you imagine no first dance  
Freeze dried romance  
5 hour phone conversation  
The best soy latte' that you ever had and...me?

But tell me did the wind sweep you off your feet?  
Did you finally get the chance to dance along the light of day  
And head back to the milky way?  
Tell me did you sail across the sun?  
Did you make it to the milky way to see the lights all faded  
And that heaven is overrated?  
Tell me did you fall for a shooting star,  
One without a permanent scar?  
And did you miss me while you were looking for yourself  
Nanananananananananananana

And did you finally get the chance to dance along the light of day?  
And did you fall for a shooting star?  
Fall for a shooting star?  
And are you lonely looking for yourself out there?
