

More Things To Say

Boyce Avenue

You lost her
And now you wish you could
Take back what you did wrong
You lost him
How could he breathe
Wuth the pressure that you put on?
How come being proud always feels so wrong
When you hurt the one you love?
But still you find a way to wonder why

Behind those walls that won't come down
I'm sure you had more things to say
You're upside down and inside out
'Cause I'm sure you had more things to say

When time passes by
You'll start to see how one word
Could've changed it all
There's so much more than "I"
When 5 letters were enough
To prevent this fall
How come saying "sorry" comes so easily
When you've had some time to grieve
But still you find a way to wonder why

Behind those walls that won't come down
I'm sure you had more things to say
You're upside down and inside out
'Cause I'm sure you had more things to say
But there's always someone else you blame
Oh just look where it's got you now
You tell yourself that it's okay
But I'm sure you had more things to say

Behind those walls
I'm so sure, I'm so sure

Behind those walls that won't come down
I'm sure you had more things to say
You're upside down and inside out
'Cause I'm sure you had more things to say
But there's always someone else you blame
Oh just look where it's got you now
You tell yourself that it's okay
But I'm sure you had more things to say

I'm sure you had more things to say
I'm sure you had more things to say
