

Pick Yourself Back up Again

Boyce Avenue

When you feel like it's over
And nothing else even matters
Just steady your heart and follow your soul
You've got your dreams but you're divided
You're on your knees, seeking guidance
Just pick yourself back up again

When life throws a hard blow
Pick yourself back up again
Pick yourself back up again
Just know you're not alone
Pick yourself back up again
Pick yourself back up again

You wondering why you've been stranded
And so called friends take you for granted
Just sever the tie that's keeping down
And now's your time so make your own way
And don't let no one there's no way
To pick yourself back up again

When life throws a hard blow
Pick yourself back up again
Pick yourself back up again
Just know you're not alone
Pick yourself back up again
Pick yourself back up again

You've come too far to give up now
So feel that fire when it seems there is no way out
Just pick yourself back up again

When life throws a hard blow
Pick yourself back up again
Pick yourself back up again
Just know you're not alone
Pick yourself back up again
Pick yourself back up again
