

# Queen of Hearts

Boyce Avenue

Bless at the sin  
This is our time to say anything  
We can act a little crazy  
Ignore who they told us to be  
I'll be the king  
You'll be my queen and rule everything  
We can be who we need to be  
Living a perfect dream

We'll sneak off in the night, under the lights  
They say that we're wrong but it feels so right  
The fortunate few, just me and you

Until the end of time  
We'll be the story they tried to write  
And love from the star  
From worlds apart  
You'll be my queen of...  
Queen of hearts

You gave me the key  
To open your heart and see everything  
I gave all the best of me  
To prove that our love was meant to be  
I'm starting to see  
The memories from years that are yet to be  
With your warm body next to me  
I'll be the one to set you free

So we turned down the lights 'cause lost in your eyes  
Is where I belong for the rest of my life  
The fortunate few, just me and you

Until the end of time  
We'll be the story they tried to write  
And love from the star  
From worlds apart  
You'll be my queen of...  
Queen of hearts  
My queen of hearts

Until the end of time  
We'll be the story they tried to write  
And love from the star  
From worlds apart  
You'll be my queen of hearts

Until the end of time  
We'll be the story they tried to write  
And love from the star  
From worlds apart  
You'll be my queen of...  
Queen of hearts  
Oh my queen of hearts  
Oh my queen of hearts
