

# Scars

Boyce Avenue

Whoah Oh oh  
Eh eye  
Yeah yeah ehhyeah

Jade is not alone  
But all he can feel is lonely  
His bedroom doesn't feel like home, Yeah (yeah, yeah)  
The sound posts through the walls  
The hate from a man who only  
Knows to love by casting stones, yeah (yeah, yeah)

And through it all do we see or feel it  
His tears dry but the years reveal it  
We stay blind to the sounds we see  
When the truth could set them free

Time to fake it over  
Beyond the pain and disregard  
We got to see through these scars (oh oh oh)  
Love will bring use closure  
If we can be who we are  
We gotta see through these scars (oh oh oh)  
Oho ohoh yeah  
Sarah takes the blame  
For a time that is gone forever  
Her past is an everlasting maze, yeah (yeah, yeah)  
And in this role she plays  
Against who is in the mirror  
It's a constant struggle everyday, yeah (yeah, yeah)

And through it all do we see or feel it  
His tears dry but the years reveal it  
We stay blind to the sounds we see  
When the truth could set them free

Time to fake it over  
Beyond the pain and disregard  
We got to see through these scars (oh oh oh)  
Love will bring use closure  
If we can be who we are  
We gotta see through these scars (oh oh oh)  
Oho ohoh yeah  
And through it all do we see or feel it  
His tears dry but the years reveal it

Time to fake it over  
Beyond the pain and disregard  
We got to see through these scars (oh oh oh)  
Love will bring use closure  
If we can be who we are  
We gotta see through these scars (oh oh oh)  
Oho ohoh yeah We gotta see through these scars (we gotta see through these s cars)  
Oho ohoh yeah We gotta see through these scars (through these scars)
