

The First One

Boys Like Girls

Even though you're gone and far away
I feel you all around
I think about it every single day
You got away somehow

I can't sleep, it's hard to breathe
And I still feel you next to me
Now I can see

The first one is the worst one
When it comes to a broken heart
Your first love
Yeah, you're so young
And you feel like a falling star
There's a fire in the city
That's burning out tonight
And you're breathing
But you're barely alive
The first one is the worst one
When it comes, when it comes to a broken heart

Spinning like a movie in my head
I've seen a thousand times
I've learned to take it hard and fall instead
I'm sittin' safe on the sidelines

Lost days, pictures fade
Somehow you're still miles away
It's safe to say

The first one is the worst one
When it comes to a broken heart
Your first love
Yeah, you're so young
And you feel like a falling star
There's a fire in the city
That's burning out tonight
And you're breathing
But you're barely alive
The first one is the worst one
When it comes, when it comes to a broken heart

'Cause I would walk through a thunderstorm just to kiss you,
I'm out here on my own,
Better now than I was before,
But I miss you and I want you to know

I can't sleep, it's hard to breathe
And I still feel you next to me
And I can see, yeah

The first one is the worst one
When it comes to a broken heart
Your first love
Yeah, you're so young
And you feel like a falling star
There's a fire in the city

That's burning out tonight
And you're breathing
But you're barely alive
The first one is the worst one
When it comes, when it comes to a broken heart (2x)
