**Boys Night Out** 

I can't believe how smart you think you are. do you even know I'm right behind you and that I saw you stumble home? Yeah I was there when you took that breath... unaware that it would be your last one. I'm sure that you would have said goodbye and I know that everyone will miss you. No, I'm not sorry for what I've done. close your eyes I'm here to make you famous.

And I never got to know you and I never knew your name. Yeah, life's not fair... but you know it has a strange way of working out. (2x)

My god, it's beautiful the way the crimson syrup drains.. away. the art in the knife as it lathers red milk. you are my canvas. (My god, it's beautiful, the way the syrup drains.)

And I never got to know you and I never knew your name. Yeah, life's not fair... but you know it has a strange way of working out. (2x)
