

We are friends
We are neighbours
Just passing by
We are lovers
We are strangers
Hello, goodbye
When I`m bad...
And I`m nasty...
You never cry
When you`re sad...
And you need me...
I never try
You don`t even listen...
And we both know why
What we had is missing...
Something good has died
Gabrielle
Gabrielle
Gabrielle... you never ball me, never ball me out
Gabrielle... you never tell me that you love me now
Gabrielle... you never call me on the telephone
Gabrielle... you never ask me when I'm coming home
