

Lies

Boys

You lied to me in the kitchen
You lied to me in the hall
You lied to me when I met you
Oh, how you lied
How you lied
You lied to me in the morning
You lied to me at night
You lied to me when I met you
Oh, how you lied
How you lied
Don't lie, don't lie, don't lie, don't lie to me
Don't lie, don't lie, don't lie, don't lie to me
Don't lie, don't lie, don't lie
Or I'll make you cry
You know you never meant that much to me
