

Miss You

Boys

Remembering the movies that we used to see
The only true cowboy in our memory
We meet every evening we drink to your name
Here`s to our hero the only John Wayne

Big John, we miss you
Big John, we miss you

From Stagecoach to Shootist, we`ve seen every one
As big as a mountain, America`s son
Big John if you`re listening, up there in the sky
Forever our hero oh why did you die
