

## Poor Little Rich Girl

Boys

Hey, poor little rich girl  
Mummy loves you, she says you're beautiful  
You've got a lot of nerve  
When you tell me to forget my girl  
Your just fifteen years old  
Don't you think that I know better

Hey, your money isn't everything  
Daddy buys you boys now you want a wedding ring  
You've got a lot to learn  
If you think that I'll forget her  
Your just a little girl  
Can't you see that I know better

No luxury's are gonna change the way I feel for you  
You gotta be kidding, you gotta be kidding  
You can't buy me  
You got no shares in me
