

## Poor Little Rich Girl

Boys

Hey, poor little rich girl  
Mummy loves you, she says you`re beautiful  
You`ve got a lot of nerve  
When you tell me to forget my girl  
Your just fifteen years old  
Don`t you think that I know better

Hey, your money isn`t everything  
Daddy buys you boys now you want a wedding ring  
You`ve got a lot to learn  
If you think that I`ll forget her  
Your just a little girl  
Can`t you see that I know better

No luxury`s are gonna change the way I feel for you  
You gotta be kidding, you gotta be kidding  
You can`t buy me  
You got no shares in me
