

Tenement Kids

Boys

Tenement kids gonna rule the world
And all you hungry tenement girls won't convince me
Life is sweet
Only time I'm happy is when I'm on the streets
'Cos that's where...

Tenement kids... tenement kids don't lose
And there's tenement kids upstairs downstairs too

Life's easy when you've got no drive
If life's hard, the strong survive
And maybe soon just wait and see
Maybe soon there's gonna be fighting in the streets
And that's where...
