

You Can Give It

Boys

Another lonely night
And I'm wondering what I'll do
How I'm gonna face
The things you put me through
Wondering if you'll call
Tell me I'm your man
It's getting to be hard
Never knowing where I am

But when you start to play the games you play
You begin to cry out, "Please don't leave me, don't ya tease me
" (stay)
You can give it, but you sure can't take it
You can't take it, you can't take it
You can give it, but you sure can't take it
You can't take it, you can't take it

Friends all shake their heads
Tell me I'm a fool
To put up with your moods
When you're hot and when you're cool
Wondering if you'll call
Tell me I'm your man
It's getting to be hard
Never knowing where I am
