

Can't Let Her Go

Boyz II Men

I can't let her go, I can't let her go
Cause I need the love she gives to me
I can't let her go, I can't let her go
And she knows that we were meant to be

First time I saw her
Thought that I would lose my mind
Just had to have her
I had to have her (all mine)

The way you make me feel
Is like no other feeling I ever had before
You give me the kind of lovin'
Make a brother wanna come for more
She's the one I adore

Just can't believe it
She's got me open all the time
She knows I'm never leavin'
Can't be wrong
Cause it feels so right

The way you make me feel
Is like no other feeling I ever had before
You give me the kind of lovin'
Make a brother wanna come for more
She's the one I adore

No one can do what you do
When you do what you do to me
And I can't believe
Can it be that it's me
That you're feelin'
It's ecstasy

No one can do what you do
When you do what you do to me
And I can't believe
Can it be that it's me
That you're feelin'
It's ecstasy
