

# Crush

## Boyz II Men

From your ankle bracelet to your belly ring  
From the tat on your back with the angel wings  
Staring at your mouth waiting to hear anything  
Baby I get so lost in you

When you walk it looks like your floating  
Cause your vibe to me is mad potent  
Like a Hemingway novel you got me open  
Hoping I can get into you

Going further from your hips to your collar bone  
And the direction between your love and your skin tone  
Coffee, caramel, butter soft...that's you  
I'm amazed all the ways God blessed you

In a crowd of 1000 women, it's just you  
Can't wait to make one, none of us two...hey  
I just want to melt with you  
Baby can I melt with you

From the moment that I saw you  
Right then I knew  
That I had a crush on you  
Can't wait to get close to you  
To touch on you  
Girl I gotta crush on you  
No one can show you better  
Than me girl, what's your pleasure  
Whatever it is I'll do  
Cause I've got a crush on you

I love the way you pop your gum  
And the way you lick your lips when you want some  
Walkin round the crib with your boy shorts on  
On bare feet arched like you got heels on

On the phone with the girls smiling and laughin  
The real conversation is between me and you  
As soon as you hang up we can make something happen  
I've been watchin you, watch me, watch you  
I love the way we hug and stuff  
The way we laugh afterwards because the sex was rough

Clean up, go downstairs bust a grub  
And back upstairs to make some more love  
You're exactly what I needed too  
I could see how a man could fall in love with you  
Hey, that's the way it is with you  
That's the way it is with you

Girl...it's you and all the things you do  
I'm high as a cloud and I don't want to come down  
This thing that we have found is so beautiful  
You should know
