

# Flow

## Boyz II Men

I don't even know why I'm tripping  
Cause you're gonna do your thing so it don't make a difference  
And I ain't gonna change, Imma stay on this mission  
A big backyard, few cars, and a kitchen  
I wanna put you in and take some minute for the pop off  
I bet you look cute in the coupe with the top off  
If you ain't gonna ride this train you should hop off  
Cause if it ain't real baby girl it's a knock off

Oh I swear you're the one that I wanted  
That's why I'm like girl, just live in the moment  
Cause I ain't never felt this way about a woman  
You play a big part in the man I'm becoming  
So baby please

So baby please  
If you really wanna leave, baby, now is the best time (now is the best time)  
Cause I can't make you believe, I done gave you my best line (gave you my best line)  
Cause all I got right now is a flow  
And I can see that you need more  
But I can play you 6 in a row, right now (right now)  
All I got is a flow (oh oh oh oh oh oh)  
All I got is a flow (oh oh oh)  
Is it good enough for you, girl?

Please don't miss what I'm saying  
I'm far from a kid and I'm so not playing  
Never felt a heart so cold in my lair  
You throwing in a towel right before the way in  
You don't even see that I'm due for a knockout  
I'm putting in work, it's too early, to clock out  
Shawty lay back, be cool, we gonna rock out  
This thing is too loud and it's so hard to block out  
Feeling like a 747 fly away  
If love is blind come and take my sight away  
I ain't got to see, I can feel that you want it  
So please don't be afraid of whatever we becoming, becoming yeah

If you really wanna leave, baby, now is the best time (now is the best time)  
Cause I can't make you believe, I done gave you my best line (gave you my best line)  
Cause all I got right now is a flow  
And I can see that you need more  
But I can play you 6 in a row (6 in a row) right now (right now)  
All I got is a flow (oh oh oh oh oh oh)  
All I got is a flow (oh oh oh)  
Is it good enough for you, girl (is it good enough for you girl)

And Imma let it breathe  
Imma let it breathe like the breeze through the tree tops  
And Imma let it breathe  
Imma let it breathe, do you love me or love me not? yeah  
Imma let it breathe  
Imma let it breathe, breeze like the tree tops  
Imma let it breathe  
Tell me do you love me?

If you really wanna leave, baby, now is the best time (ooh now is the best time)  
Cause I can make you believe, I done gave you my best line (I gave you my best line)  
Cause all I got right now is a flow (now is a flow)  
And I can see that you need more (you need more)  
But I can play you 6 in a row (6 in a row) right now (right now)

All I got is a flow (oh oh oh oh oh oh)  
All I got is a flow (oh oh oh)  
Is it good enough for you, girl?
