

I've Been Searching

Boyz II Men

Lovin' you I'm never gonna change my mind
Lovin' you I'm never gonna make you cry
I'll be by your side now and forever more
Whole life with joy and delight

Don't you know I loved you from the start
From the moment that we met,
Long before I saw that smile of yours
I'm tellin you from the bottom of my heart,
You're the only one that I've been searching for

There was a time I had lost my way
Couldn't find the lights around me,
I was almost frozen in the dark.
You came along to give me life again,
You warmed and opened up my broken heart.

I'm never gonna change my mind
I'm lovin' you, I'm never gonna make you cry
Don't you know that I'll be by your side now and forever more
To fill your heart with joy and delight

Sometimes I made you feel all alone
When i'm too caught up in myself
Maybe I put you down in sorrow.
But still you keep on knocking on my door
And I know that you made me feel so strong

It's time for me to make you understand
Why I want to be with you
I'll be everything you want me to
So baby won't you give me another chance
So I can show you everything that i can do

I'm never gonna change my mind
I'm never gonna make you cry
Girl I'll be by your side now and forever more
Fill your whole life with joy and delight

Evertime we had to make it through the rain
Everytime things all turned out in vain
I swear I'll be by your side now and forever more
To protect you from any kind of pain

Someone told me and I agree that we were born in this world
To find one single, one single truth
Girl it's you
So stay right beside me
You know it's the way that we should be
I don't want to think about what it'd be if we were to fall apart

Oh, I'm loving you
And I'm never gonna change my mind
And I'm never gonna make you cry
Said I'll be by your side forever and more
Fill your heart with joy and delight

Baby everytime
Girl I'd make it through
Day after night and day
And I swear I'll be by your side forever more
To protect you from any kind of pain

Don't you know I loved you from the start
From the moment that we met
Long before I saw that smile of yours
Tellin you from the bottom of my heart
You're the only one that i've been searching for
You're the very one that I've been searching for
What I've been searching for a million years is... you
