

Roll Wit Me

Boyz II Men

I don't wanna waste your time,
With some kinda playa line
But I need to know somethings about you,
One.. Do you have a man you claim,
Are you doing your own thing,
Cause if so then I can't leave without your name and your number,
Where you live,
Can I call you sometime
Wait a minute,
Better yet I'll give you mine,
Tell me bout your interests are,
Who you'll be with,
Your ideal man
Can I be it
Let me know,
Before you go
I just won't take no

[Chorus x2]
Baby I wanna do,
Whatever's on your mind,
You'll make it all come true,
If you roll wit' me tonight

You,
Make a brother wanna do,
Things I never thought I'd do
Got me open and I'm hopin',
Baby I can take you for a ride
Bently's right outside
We can make it happin'
If you just tell me your name and your number,
Where you live, can I call you sometime
Wait a minute, matter of fact I'll give you my number
If you tell bout your interests are, who you'll be with
Your ideal man, can I be it
Let me know, before you go, I just won't take no...

[Chorus x2]
Baby I wanna do,
Whatever's on your mind,
You'll make it all come true,
If you roll wit' me tonight

Ohh. I don't wanna stress you, all I wanna do is get next to you
Ohh. I wanna be the man that makes you feel like no one else can
Ohh. I don't wanna stress you, all I wanna do is get next to you,
Want you to give it all to me, I wanna be the one that sets you free

Ohh, gal gal
Ohh, gal gal
Ohh, gal gal

Tell me bout your interests are,
Who you'll be with,
Your ideal man,
Can I be it,

Let me know,
Before you go
Cause I just won't take no..

[Chorus x3]
Baby I wanna do,
Whatever's on your mind,
You'll make it all come true,
If you roll wit' me tonight

[Out]
Baby wont you ride wit' me
Baby wont you ride wit' me
Baby wont you ...
