

Step On Up

Boyz II Men

Been working hard everyday
(run from 9 to 5)
I need a place to get away
(Where I can feel alive)
Seems like my drama, it won't ever cease
(The haters stay awake)
Now it's time to find my inner peace
(I'm coming out to play)

This will be my night
I'm a get up on this floor
And lose what's left of my mind
Let the rhythm take control

Step on up, let your body go
Cuz I know you wanna do it so
When you hear the groove
You better know
That it's time to make your move
Just step on up now

This party's got me feeling right, yeah
(I found a place to unwind, oh yeah)
I'm diggin' on myself tonight
(Relax and ease your mind)
Ain't holdin' back, I'm gonna let it go
(And throw all my cares away, yeah yeah)
Now I'll be sure to let my feelings flow
(I'm coming out to play)

This will be my night, yeah
I'm a get up on this floor
And lose the best of my mind
Let the rhythm take control

It ain't no time to wait
Gotta get on before it's gone
Before it's too late
Make it happen all night long
