Boyz N Da Hood

Get it Boyz N Da Hood nigga, Boyz N Da Hood

Carbon 15's, A.K.'s and Mac 11's
'Bout to send you pussy niggaz on a stairway to heaven
Ayy, ye ain't no killer, nigga, ye ain't no killer, boy
Ye ain't no killer, nigga, ye ain't no killer, boy

I took a sip and then I checked my pistol
Then I hit my sack and grabbed the phone
Think I better call my sister 'cuz I need mo' gats
Nigga just bounced of prison and made the decision
On how he gon' act in the back of the club
Swoll up like the Hulk gettin' bust
Steady talkin' 'bout who he gon' trap
Who, me? Southwest Atlanta O.G.

Great with the hand like the Gingerbread Man
But I pull the four-fifth just as fast as I can
Y'all niggaz ain't used to the pain
I don't even think y'all fucks ain't got no gat
I don't even think y'all niggaz ain't seen no blood
I can tell by the way y'all act

I can tell how you talk ain't 'bout no war
Tell from your chest you ain't got no heart
I can tell how you walkin', got no game
Thangs on us plus thangs in the car, yeah
Bopped and banged and popped and drained and pained
And dropped him maimed, him dead, now thank the stainless

Carbon 15's, A.K.'s and Mac 11's
'Bout to send you pussy niggaz on a stairway to heaven
Ayy, ye ain't no killer, nigga, ye ain't no killer, boy

Yo, yo, nigga straighten y'all faces up
But we know y'all fake as fuck
Y'all niggaz ain't got no balls
We know y'all niggaz ain't made like us
Lotta y'all fin' to get called out, lotta y'all fin' to lose y'all clout
If the rood to the riches lead through my hood
It's best you change y'all route
'Cuz we like to play bump and rob
We can handle with the heat or we can squab

It don't make a bit of difference to me
'Cuz potnah we roll just like the mob
Y'all niggaz keep beatin' y'all chest
Find someone else to impress
'Fore you get yo' back blowed out

'Cuz you felt the need for you to flex
A nigga raised to plot and scheme
And everyday live for the pop that thing
When it comes to this crack cocaine
I put that thang to side of your brain

Carbon 15's, A.K.'s and Mac 11's
'Bout to send you pussy niggaz on a stairway to heaven
