

# Right Here Waiting

Boyzone

Let it go  
Don't be scared to breathe again  
It's alright  
Close your eyes  
And together we can feel what it's like  
To live again  
Embrace this world and hold on tight  
Until the end  
You don't have to do this alone  
Cause I'm right here  
I'm right here standing by you  
You don't have to do this alone  
Cause I'm right here  
I'm right here  
Always for you, you [2x]  
Here we go  
From this moment we are born to be one  
In your eyes I can see the stars  
They shine on and on  
So let's be strong  
And let's be brave  
Take my hand and lead the way  
You don't have to do this alone  
Cause I'm right here  
I'm right here standing by you  
You don't have to do this alone  
Cause I'm right here  
I'm right here  
Always for you, you [2x]  
Always for you  
Together  
We'll be together  
Always  
Always be together  
And we'll be together  
Always [2x]  
You don't have to do this alone  
Cause I'm right here  
I'm right here standing by you  
You don't have to do this alone  
Cause I'm right here  
I'm right here standing by you  
I'm standing by you.
