

Corrina, Corrina

Boz Scaggs

Corrina, Corrina where you been so long
Corrina, Corrina where you been so long
I've been wondering about you baby
Baby please come home

Corrina, Corrina got you on my mind
Corrina, Corrina got you on my mind
I was sitting here thinking about you
Just can't keep you off my mind

I got a bird that whistles
I got a bird that sings
I got a bird that whistles
I got a bird that sings
But without my Corrina
Life don't mean a thing

I love you Corrina, tell the world I do
I love you Corrina, tell the world I do
And I don't love nobody in this world but you
And I don't love nobody in this world but you
And I don't love nobody in this world but you
