Boz Scaggs

Funny  
All she needs is love  
And this Sony light  
Is all there is tonight  
Oh oh oh oh yeah

Funny  
She dreams about his touch  
Where his skin must end  
And where her own begins

She moves through shadows  
Bathes in the lush  
Luxurious hush alone  
Ever alone

Miss Lonely  
Needs company  
As she breathes this room  
Of deepest blue perfume

And love's where you find it  
Open your heart  
You've lived in the dark too long  
Too long alone

Miss Lonely  
Open up your heart  
Let the morning light  
Fill your sky tonight

Funny  
All she needs is love  
And this Sony light  
Is all there is tonight
