

# Hercules

Boz Scaggs

All you fear  
Is fear itself  
Check out your own back yard  
'Fore you check out someone else

Railroad tracks  
In my neighborhood  
Ain't no trains around  
That boy just ain't no good

Wanna know  
Whats going down  
And the pimp on the corner  
Looks like the sharpest cat in town

Jungle rule  
Can't be no fool  
Might get caught  
By the hook or the crook  
Hot time for cool

Look out Jake what you say  
What you carrying brother  
I hope you're clean  
Cause the man is mean  
Gonna dump on another brother

But we all know the answer  
Will come out in time  
I might even carry  
Some of your load along with mine

Thank you ma'am mister please  
But it must be Hercules  
Must be Hercules

Like a bird  
On the wing  
I just wanna be free enough  
To do my thing

I can feel the pressure  
On every side  
If you not gonna help don't hurt  
Just pass me by  
Ooooh ooooh  
Ooooh  
Aaaaaah

Hercules

Must be must be Hercules

Alright  
Jungle rules  
Can't be no fool  
The devil is on the loose

No cool.. no cool

Got your feet  
In the sand  
Got to be down with the cats around  
And you still gotta face that man

Oh  
Talk about me if you please  
Must be Hercules

Must be Hercules

Pitching rocks  
Catching stones  
Newton how can I survive  
Whats going on

Beg steal borrow  
Somehow I've gotta make it till tomorrow  
Just like Hercules

Thank you ma'am mister please  
Must be Hercules
