

# Hollywood

Boz Scaggs

The way you read the crowd  
The way you make them pay  
You stepped in and did the scene a whole new way  
No one would resist you now  
And even if they could  
Hollywood just never had it quite this good

I see your name in lights  
I see them standing in line  
They send the cards and the wine  
Broadway here she comes  
You should be a natural

(Camera action do it again)  
Ooh anyway I gotta do it  
(What a reaction do it again)  
Yeah I'm gonna make you a star  
(Camera action do it again)  
Ooh anyway I gotta do it  
(What a reaction do it again)  
To get you this part

No one had to tell you what your smile was for  
You sure there's not an uncle name of Barrymore  
Now she did this and she did that  
You are the latest talk  
Now there lining up for you around the block

Throwing roses  
And Holy Moses  
Even the Times say  
Sparks fell from the skies  
That gets you immortalized

(Camera action do it again)  
Oh anyway I gotta do it  
(What a reaction do it again)  
Yeah I'm gonna make you a star  
(Camera action do it again)  
Ooh anyway I gotta do it  
(What a reaction do it again)  
To get you this part

They gave you 5 stars  
They're sending big cars  
And Sunset Boulevard  
Will never be the same  
You give it a brand new name

(Camera action do it again)  
Oh anyway I gotta do it  
(What a reaction do it again)  
Yeah I'm gonna make you a star  
(Camera action do it again)  
Ooh anyway I gotta do it  
(What a reaction do it again)  
To get you this part

(Camera action do it again)  
Oooh anyway I gotta do it  
(What a reaction do it again)  
To get you this part  
(Camera action do it again)  
(What a reaction do it again)  
Ooooh... do it again  
What a reaction do it again
