

Just Go

Boz Scaggs

Take what you need
Just leave me a key and go
I'm all out of answers
Except where I don't know

This hanging around
Is dragging us down you know
Everything changes
I guess we let it go

Take care of yourself
You'll learn to live again
Wary but wiser in the end
Perhaps.... oh well

Just go
I'm all out of answers
But yes... the answers no

Oooh oooh oooh oooh oooh

Oooh oooh oooh oooh oooh

Here comes old chaos
Now there's a friend
And he'll have us laughing in the end
But crying now

Just Go
Everything changes
Oh yes well there you go... there you go
