

# Look What I Got

Boz Scaggs

Go ahead and ask me  
You know that I don't lie  
But I've found another woman who's caught my eye  
I wasn't lookin' for someone new  
But then you weren't around when I needed you

So look what I've got to come home to  
She don't mistreat me like you used to do  
Just look what I've got to come home to  
If you treated me right I'd be comin' home to you

You never did nothin' to make me stay  
Now you wanna know why you throw'd me away  
I'll give you a reason it's easy to see  
When I was around you didn't have time for me

Look what I've got to come home to  
She don't mistreat me like you used to do  
Just look what I've got to come home to  
If you treated me right I'd be comin' home to you

Yeah look what I've got  
Take a look what I've got  
Look what I've got to come home to

It's too late now for you and me  
To be the same as we used to be  
You've had your chance we've tried to make it again  
But now you walked out and she's walked in

So look what I've got to come home to  
You never loved me like this little girl tries to do  
Look what I've got to come home to  
If you treated me right I'd be comin' home to you

Hey look what I've got  
Look what I've got  
Take a look what I've got  
Look what I've got  
Take a look what I've got myself  
Look what I've got  
Take a look at myself  
Take a look at me  
Take a look at myself  
Look what I've got
